

Planning a holiday

Use the following prompts to create a holiday plan.

- Plan an affordable holiday.
- Plan a family holiday with fun activities.
- Plan a 2-week luxury trip to a beach resort for under £100.
- I want to go away with my family for a holiday. Give me some options.
- I want to go somewhere fun, relaxing, and exciting. Surprise me.

The results might be what you need but they won't be personal to your circumstances, budget or preferences.

You can add more detail to the prompt to improve the result. For example, destination preferences, dates, budget constraints, how many people (and if any are children), interests and any special requirements.

Try using the following prompts and compare the results to the previous ones.

- Plan a 3 day family trip to London for a group of two adults and two children aged 8 and 12. Include child-friendly attractions, parks, museums and suggestions for accommodations and places to eat.
- What are some good free things to do in Edinburgh?
- Help me plan a week long holiday in Spain for 2 people on a budget of £1,000. We want to experience beaches, local markets, and cultural sites.
- I need a plan for a 5 day road trip around Wales with my dog. Include pet-friendly accommodations and places to eat, parks, and activities.
- I'd like to visit Northern Ireland for a week but don't know where to go or what to do there.

Try making changes to the prompts and see how they affect the suggestions.
